**TEXTILES SUMMIT**

*Sustainable Solutions for a Global Textile Future*

**17th**

September 2024

PHD House, New Delhi

# Background

The global textile industry is at a crossroads. While it remains a significant driver of economic growth and employment, its environmental and social impact are increasingly under scrutiny. Consumers are demanding more sustainable practices, and regulations are evolving to address these concerns.

The 2nd edition of the Sustainable Textile Summit, held in December 2023, played a pivotal role in fostering dialogue and charting a path forward within the Indian context. The summit explored the "Navigating Trends and Challenges in Sustainable Textiles in India," bringing together industry leaders, policymakers, and experts to discuss the current landscape and identify opportunities for improvement.

Building upon this success, the 3rd edition of the Sustainable Textile Summit takes a broader perspective. Focusing on the theme "Sustainable Solutions for a Global Textile Future," the summit aims to elevate the conversation to a global scale.

This year's gathering will convene a diverse group of stakeholders from across the textile value chain. Leading international brands, manufacturers, innovators, policymakers, and NGOs will come together to share best practices, showcase cutting-edge solutions from around the world, and explore collaborative partnerships.

## Objectives:

- Highlight global advancements and innovations in sustainable textiles.
- Facilitate dialogue and collaboration between stakeholders across the textile value chain.
- Promote the adoption of sustainable practices throughout the Indian textile industry.
- Identify and explore solutions to address key challenges in global textile sustainability.
- Develop actionable recommendations for a more sustainable future.

## Participants Profile:

- Textile industry leaders (brands, manufacturers, retailers)
- Sustainability professionals
- Policymakers and government officials
- Investors
- NGOs and social enterprises
- Academic researchers and students
- Media

By fostering dialogue and collaboration between key players, the 3rd Sustainable Textile Summit seeks to accelerate the industry's transition towards a more sustainable future, benefiting not just India but the entire global textile landscape.

## Program Structure:

### Opening Session: 10 am to 11.30 am

- \* **Welcome and Keynote Address:** Setting the stage for the summit by highlighting global trends and challenges in sustainable textiles.

### Technical Session-1: 12.00 pm to 1.00 pm

- \* Exploring key themes such as innovation in sustainable materials, circular economy models, responsible sourcing, and social impact

### Case Studies: 1.00 pm to 2.00 pm

- \* Showcasing successful examples of sustainable practices from leading brands and manufacturers around the world.

### Networking Lunch break: 2.00 pm to 3.00 pm

- \* Fostering interaction and dialogue among participants

### Technical Session-2: 3.00 pm to 4.00 pm

- \* Deep-dive discussions on specific topics such as sustainable cotton, synthetic fiber alternatives, sustainable dyeing and finishing, water stewardship, and blockchain for transparency.
- \* **Innovation Showcase:** Exhibiting cutting-edge technologies and solutions from startups and established companies.
- \* **Policy Dialogue:** Bringing together policymakers and industry leaders to discuss enabling policies for sustainable textiles.
- \* **Closing Plenary:** Recap of key takeaways and recommendations for moving forward.

## The 3rd edition of Sustainable Textile Summit is the ideal opportunity for sponsors from:

- \* Textile brands
- \* Textile manufacturers
- \* Technology companies providing sustainable solutions
- \* Government agencies promoting sustainable development
- \* Textile research institutes and universities
- \* Sustainability consultancies
- \* Fashion and textile NGOs
- \* Industry publications and news websites
- \* Sustainability-focused media outlets
- \* Fashion and lifestyle magazines

### Zero Burden

## About PHDCCI
